INDEPENDENT AUDITOR'S REPORT

JOINT COMMITTEE ON LEGISLATIVE SERVICES, GENERAL ASSEMBLY, STATE OF RHODE ISLAND:

TRUSTEES OF THE STATE EMPLOYEES' AND ELECTING TEACHERS OPEB SYSTEM:

Report on Schedules

We have audited the accompanying Schedule of Employer Allocations of the BOARD OF EDUCATION COST-SHARING OPEB PLAN (the Plan) as of and for the year ended June 30, 2019, and the related notes. We have also audited the total for all entities of the columns titled ending net OPEB liability, total deferred outflows of resources, total deferred inflows of resources, and total OPEB expense (specified column totals) included in the accompanying Schedule of Net OPEB Amounts by Employer as of and for the year ended June 30, 2019, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the Schedule of Employer Allocations and the specified column totals included in the Schedule of OPEB Amounts by Employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules of employer allocations and specified column totals included in the schedules of OPEB amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules of employer allocations and specified column totals included in the schedules of OPEB amounts by employer. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedules of employer allocations and specified column totals included in the schedules of OPEB amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedules of employer allocations and specified column totals included in the Schedule of OPEB Amounts by Employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's

Trustees of the State Employees' and Electing Teachers OPEB System:

internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule of Employer Allocations and specified column totals included in the Schedule of OPEB Amounts by Employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

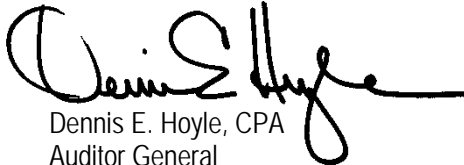

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations for Board of Education plan employees, and ending net OPEB liability, total deferred outflows of resources, total deferred inflows of resources, and total OPEB expense for the total of all participating Board of Education plan entities as of and for the year ended June 30, 2019, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Board of Education Plan within the State Employees' and Electing Teachers OPEB System of the State of Rhode Island as of and for the year ended June 30, 2019, and our report thereon, dated September 30, 2020 expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of the State Employees' and Electing Teachers OPEB System's management, the trustees of State Employees' and Electing Teachers OPEB System, the System's employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

Board of Education OPEB Cost-Sharing Plan

NOTES TO THE SCHEDULES OF EMPLOYER ALLOCATIONS AND OPEB AMOUNTS BY EMPLOYER

June 30, 2019 Measurement Date

1. Plan Description and Governance

The State Employees' and Electing Teachers OPEB System of Rhode Island (the System) acts as a common investment and administrative agent for OPEB benefits to be provided through various defined benefit OPEB plans. The System is administered by the trustees of the System which was authorized, created and established as an independent OPEB board to hold and administer, in trust, the funds of the OPEB system.

Each plan's assets are accounted for separately and may be used only for the payment of benefits to the members of that plan, in accordance with the terms of that plan.

The Board of Education Cost-Sharing Plan (the Plan) was established and placed under the management of the System for the purpose of providing OPEB benefits for employees of the State of Rhode Island under the provisions of chapters of the Rhode Island General Laws.

The Plan covers certain employees of the State university and colleges and certain State employees.

2. Schedule of Employer Allocations

The Schedule of Employer Allocations reflect employer contributions recognized for the fiscal year ended June 30, 2019 consistent with contributions reflected within the Plan's financial statements. These employer contribution amounts are the basis for allocating the OPEB amounts to each employer.

The percentages included in the Schedules of Employer Allocations have been rounded to 8 decimal places.

3. Schedule of OPEB Amounts by Employer

The Schedule of OPEB Amounts by Employer were prepared by the Plan's actuary using amounts from (1) the Plan's fiscal 2019 financial statements, (2) Required Supplementary Information Schedules prepared in accordance with the requirements of GASB Statement No. 74, and (3) certain data from the actuarial valuation of the Plan performed at June 30, 2018 rolled-forward to June 30, 2019. These schedules utilize the proportionate employer contribution schedules detailed in the Schedule of Employer Allocations to apportion each employer's amounts for the cost-sharing plan. The allocation of OPEB expense also includes any changes in proportion between years which are reflected as deferred outflows/inflows and recognized over the remaining service lives of the members.

The Schedule of OPEB Amounts by Employer include the sensitivity of the net OPEB liability to changes in the discount rate as well as the sensitivity of the net OPEB obligation to changes in the healthcare cost trend rate. The following presents the net OPEB liability of the employers calculated using the discount rate of 5.0 percent, as well as what the employers' net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate. Additionally, the following presents the net OPEB liability of the employers calculated using the baseline health care trend rate, as well as what the employers' net OPEB liability would be if it were calculated using a healthcare trend rate that is 1-percentage-point lower or 1-percentage-point higher than the baseline rate.

Board of Education Plan	\$ 22,809,382	\$ 37,144,082	\$ 49,266,140

4. Relationship to the Plan Financial Statements

The components associated with OPEB expense and deferred outflows and inflows of resources have been determined based on the net increase in fiduciary net position as reflected for the Board of Education Plan in the System's financial statements and consistent with the requirements of GASB Statements No. 74 and 75.

5. Summary of Significant Accounting Policies

Basis of Accounting – The underlying information to prepare the allocation schedules is based on the System's financial statements as of and for the year ended June 30, 2019. The financial statements of the System are prepared on the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when incurred. Employer Plan member contributions are recognized in the period in which the wages, subject to required contributions, are earned for the performance of duties for covered employment. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions.

6. Net OPEB Liability

The components of the net OPEB liability of the employers participating in the Board of Education Plan at June 30, 2019 were as follows:

Fiscal Year Ended June 30, 2019	<u><i>Board of Education Plan</i></u>	
Total OPEB Liability	\$	76,751,373
Plan Fiduciary Net Position		39,607,291
Employers' Net OPEB Liability	\$	<u>37,144,082</u>
Plan Fiduciary Net Position as a percentage of the total OPEB liability		51.60%

7. Actuarial methods and assumptions

The total OPEB liability was determined by actuarial valuations performed as of June 30, 2018 rolled-forward to June 30, 2019 using the following actuarial assumptions, applied to all periods included in the measurement.

Actuarial Cost Method - Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.

Amortization Method - Level Percent of Payroll – Closed

State Employees - Equivalent Single Remaining Amortization Period - 18 years at June 30, 2018

Investment Rate of Return - 5.00%

Projected Salary Increases – state employees - 3.00% to 6.00%

Mortality:

Male Employees: RP-2014 Combined Healthy for Males with white collar adjustment, projected with MP 2016 ultimate rates.

Female Employees: RP-2014 Combined Healthy for Females, projected with MP 2016 ultimate rates.

Inflation - 2.5%

Rates of separation from service range from 16% in the first year of employment to 0% after 25 years.

Employee rates of retirement are based on pension eligibility.

The health care trend rates used in the valuation ranged from 8.25% in fiscal 2019 and then decreasing annually to 3.5% in fiscal year 2031 and later.

Board of Education OPEB Cost-Sharing Plan

NOTES TO THE SCHEDULES OF EMPLOYER ALLOCATIONS AND OPEB AMOUNTS BY EMPLOYER *June 30, 2019 Measurement Date*

7. Actuarial methods and assumptions (continued)

The long-term expected rate of return best-estimate on OPEB plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of OPEB plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 nationally recognized investment consulting firms. These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

8. Discount rate

The discount rate used to measure the total OPEB liability of the Board of Education plan was 5.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

9. Deferred Outflows and Inflows of Resources

Consistent with the requirements of GASB Statement No. 75, differences between expected and actual experience and changes in assumptions are recognized in OPEB expense using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan (active employees and inactive employees) determined as of the beginning of the measurement period.

Differences between projected and actual earnings on OPEB plan investments are to be recognized in OPEB expense using a systematic and rational method over a closed five-year period. Projected earnings of the plan reflect the plan's investment return assumption or discount rate of 5.0%.

Changes in proportion between the June 30, 2018 and June 30, 2019 measurement dates are also recognized in OPEB expense using the expected remaining service lives of plan members.

The average of the expected remaining service lives for purposes of recognizing the applicable deferred inflows/outflows of resources established in fiscal 2019 is 7.3400 years.
